Mr. Andy Ross
Ross Valve Manufacturing Co. Inc.
P.O. Box 595
Troy, NY 12181-0595

Dear Mr. Ross,

On behalf of the Seton Health Foundation, I wish to congratulate Ross Valve Manufacturing Co. Inc. on its incredible achievement of the *The Business Review 2007 Small Company of the Year Award*.

These days, encountering people who have an honest passion for their work is a rare treat. Developing a small business in our current economic environment is no easy feat, and still harder is keeping a company going as your family has since 1879. We commend you for hard work, ambition, and your continued support of Seton Health/St. Mary's Hospital. It is truly an honor to have developed such a strong relationship with you and your brother, and Seton Health is so very proud of your accomplishments. Congratulations!

Sincerely,

Marcia M. Steiner
Executive Director
Seton Health Foundation

Such a well deserved honor for a great person
